city Distribution Co., Ltd.,
99-A, Armenian Street, Madras.1.

No.60N/51-11 dated 3-5-51.

Sir,

Sub: Electricity - Udipi, Srikakulam and Salur Parvatipur
Electrical Undertakings - Briefer form of inventory
of assets.

I forward herewith a copy of the briefer form of inventory of assets with the relevant items sidelined in red pencil and shall be glad if the list of inventories in regard to each of your Electrical Undertakings is forwarded to this office urgently with the pages numbered and the forms in each case arranged in serial order as per Annexure IV of the Rules and bundled in four separate sets for each undertaking. The statement of staff particulars for each of these concerns, which is already overdue may please be sent to reach me not later than 10-5-51 in quadruplicate and in the prescribed forms.

The briefer form of inventory furnished herewith has the approval of the Chief Engineer for Electricity.

Yours faithfully,

Memo No. 2410-9/51-3 dt 14-5-51

P.W

Sub:- Electricity — Udipi company electrical under Acquisition by Govt. — Submission by licensee of inventory of assets and other particulars

Ref:- From the C.E.I. (y), No: 151-N/51-6 dt 16-4-51

According to section 12(1) of the Madras Electricity Supply Undertakings (Acquisition) Act, 1949, the Udipi licensee should have prepared and handed over to the Govt. a complete inventory of all the assets belonging to his undertaking and of its documents, within three months from the date on which the order under section 4(1) of the said Act was served on him. This time limit expired on 20-4-1951 the 14th April, and no extension of time was (applied for and) granted by the Govt, As the power conferred by section 17(1) of the said Act to [granting extension of time, cannot be exercised after the period fixed in that section has expired, no extension of time can now be granted to the Udipi licensee for submission of the inventories and other particulars. In case the [cannot now be invoked for

b

ensee submits them hereafter, there is no objection accept them. If, however, he fails to submit the inventories be before the vesting date, ~~the C.E.I.G. is requested to take~~ necessary action shall be taken under rule 12 of the Madras Electricity Supply Undertakings (Acquisition) Rules, 1950.

2. So far, in some cases the Govt. have granted extension of time after the expiry of the original period; and no action need be taken now in those cases ~~is called for~~. The C.E.I.G. is requested to send, in future, proposals for granting extension of time well in advance so that orders may be issued by the Govt, ~~in time~~ before the expiry of the period specified in the Act.

VERY URGENT. Office of the Chief Electrical Engr. to Government, 157, Mount Road, Madras-

MEMORANDUM No.151-E/51-10 dated the 16th May 1951.

Sub:- Udipi electrical undertaking--Acquisition by Government--Appointment of Sri K.V.Shanbogue, Assistant Electrical Engineer, Government Electricity Department, Udipi as Checking Officer under the provisions of the Madras Electricity Supply Undertakings (Acquisition) Act 1949 and the rules framed thereunder.

Ref:- G.O.Ms.No.237 PWD dated 16-1-1951
No Fost copy of the telephonic message dated 15-5-51 from the Chief Engineer for Electricity, Madras.

- - - - -

With reference to the above, Sri K.V.Shanbogue, Assistant Electrical Engineer, Government Electricity Department, Udipi, is hereby appointed as Checking Officer under the provisions of the Madras Electricity Supply Undertakings (Acquisition) Act 1949 and the rules framed thereunder.

2. He is advised to get a copy of the Madras Electricity Supply Undertakings (Acquisition) Act 1949 and the Acquisition Rules 1950 from the Superintending Engineer, Pykara Electricity System, study them carefully and get himself fully acquainted with the provisions thereunder so as to enable him to check and take over all the assets and liabilities of the Udipi Electrical Undertaking as laid down therein and to the extent permitted under Basis 'C'. As the matter stands at present, the undertaking is due for vesting in Government on 1-6-1951.

3. Sri K.V.Subba Rao, B.Sc. (Eng.) A.M.I.E.E., A.M.I.E. Managing Director of The Mechelec Engineering Company Ltd. has been appointed as Accredited Representative for this electrical undertaking under section 8(1) of the Acquisition Act. The Assistant Electrical Engineer, Udipi, is hereby advised to get into contact with him or his duly authorised nominee under the rules for all reasonable and necessary facilities for checking and taking over the physical assets, records etc. of the electrical undertaking.

4. The Accredited Representative has elected basis 'C' for the purpose of payment of compensation; so all the assets listed under section 5,3(1) and 5,3(viii) and all the liabilities specified under section 11,2(b) of the Acquisition Act, should be arranged to be listed separately and in detail and then checked and taken over by the Checking Officer.

5. The list of inventory of assets and documents in respect of this electrical undertaking is still awaited from the accredited representative. With regard to its preparation, the specimen briefer form of inventory with the items marked in red only in the margin may be adopted in lieu of the more elaborate form of inventory mentioned in Annexure IV of the Acquisition Rules. This has been accepted by the Chief Engineer for Electricity. The Assistant Electrical Engineer, Udipi, is advised to ascertain and report urgently the latest stage at which the preparation of the inventory of assets and documents now stands and also to get a copy thereof immediately

Contd.

direct from the Accredited Representative to save delay in checking.

6. The list of documents, records, assets, liabilities etc. checked and taken over should be listed separately and in detail and submitted in quadruplicate to this office. In this connection, the attention of the Assistant Electrical Engineer, Udpi, is specially drawn to Acquisition Rules 8 to 12 and 20 and he is advised to take action as stipulated therein.

7. Against each individual item of asset or liability checked and taken over, the discrepancy or defects or shortages noticed, if any, with reference to the records and accounts books made available to him should be noted in the remarks column and the same duly got attested by the Accredited Representative or his duly authorised nominee before submission to this office.

8. In the preparation of inventory and in checking the assets taken over, the Assistant Electrical Engineer, Udpi, is advised to take special care to note items that are likely to have been lost or to be missing, such as tools, engine parts, copper wire from mains, stores, meters and consumers' premises etc. If in case land or buildings belonging to the Power House or office of the licensee has been either transferred or mortgaged to any party, full particulars thereof should be ascertained and furnished to the Acquisition Officer.

9. All books and records available in the licensee's office at site or elsewhere, if any, and necessary for computing the compensation, title deeds etc. should be checked and taken over.

10. If in case the list of inventory of assets and documents are not furnished till the vesting date, then necessary action as contemplated in Rule 12 has to be taken upon by the Checking Officer.

11. A specimen form of declaration to be signed on the vesting date by the Accredited Representative on behalf of the licensee and the Checking Officer on behalf of the Acquisition Officer is enclosed herewith.

12. A detailed report on the action on the above together with the list of inventory of assets, documents, records, liabilities etc. checked and taken over should be submitted to this office in quadruplicate as soon as the undertaking is vested in Government.

13. A brief and formal report with regard to taking over of the undertaking together with the declaration form in quadruplicate duly signed should be submitted so as to reach the Acquisition Officer on 2--1951.

14. A copy of post copy of the telephonic message dated 15-5-1951 from the Chief Engineer for Electricity referred to above is enclosed herewith in this connection for information and necessary action.

From
Sri K.V.Karanth, M.A., M.I.E.,
Chief Electrical Inspector to Govt.,
1, Mount Road, Madras-2.

To
The Secretary to Government,
Public Works Department,
Fort St. George, Madras-9.

No.151-N/51-14 dated 26-5-51.

Sir,

Sub: UDIPI ELECTRICAL UNDERTAKING - Acquisition by Government - List of inventory of assets - Forwarded.
Ref: G.O.Ms.No.237, P.W.D., dated 18-1-1951.

I furnish herewith the following:--

a) A copy of letter No.U/233/Acquisition, dated 23-5-51 from Sri K.V.Subba Row, Accredited Representative.

b) A copy of the Proceedings Nos. 5 and 9 dated 21-5-51 referred to in item (a) above.

c) A copy of the list of inventory of assets relating to the Udipi Electrical Undertaking in Forms A to H, J, M to Q and S, of Annexure IV of the Acquisition Rules as detailed in the annexed list and as furnished by the Accredited Representative to this office along with his letter No.U/233/Acquisition, dated 23-5-51.

2. The list of inventory of assets in Forms I, K, L, N, R and U of Annexure IV and documents in Form A of Annexure II, and certain details in Form M in regard to staff particulars are still due from the Accredited Representative and they will be forwarded to Government on their receipt.

3. Regarding Resolution 5, dated 21-5-51 (referred to in para (1) of the Accredited Representative's letter under reference) it is not clear what exactly is meant to be conveyed by the words "without prejudice to the Company's rights for fair Compensation". I suggest, the Accredited Representative may be informed that compensation for Udipi Electrical Undertaking will be as per the provisions of the Acquisition Act and as applicable to Basis 'C' of the Act thereunder.

4. With regard to the Resolution No.9 dated 21-5-51 of the Board of Directors (mentioned) in the last para of the Accredited Representative's letter to Government), I invite reference to paras (3) and (4) of this office letter No.60-N/51-15 dated 23-5-51 to Government forwarding my remarks on the proposals of absorption of staff in regard to this Electrical Undertaking.

Yours faithfully,

Chief Electrical Inspector to Government.

Encl: as per para (1).

Superintending Engineer, Pykara Electricity System with all the enclosures mentioned under items (a) to (c) in para (1) except list of inventory of assets with reference to letter No.Aq/WP/1/51.S dated 23-5-51 to the Asst. Engineer (Electrical) Udipi.
Assistant Engineer (Electrical) and Checking Officer, Government Electricity Department, Udipi with all the enclosures referred to for further urgent and necessary action.
Sri K.V.Subba Rao, Accredited Representative, with reference to his letter No.U/233/Acquisition dated 23-5-51. The receipt of the lists of inventory of assets sent along with his letter referred to is hereby acknowledged. The lists of inventory of assets in forms I, K, L, N, R and U(etc., if any) together with the list of all documents in Form A of Annexure II, each in quadruplicate and in the prescribed forms may please be furnished immediately as the vesting date is fast approaching. If there are no items to be listed in Form S of Annexure IV in regard to Karakala, a Nil report may be sent to that effect.

It is seen from the inventory furnished by you that the following details in respect of the following items of the inventory as per the abbreviated form have not been furnished by you. I request that all the particulars as required in the abbreviated form of inventory may please be furnished.

Udipi.

A.Land: Item 10: Remarks have not been furnished. Under item 8 reference to ase deeds has not been furnished.

C. Generating Plant: Full details under the abbreviated form for items (a) and (b) and item I to V of Major Head have not been furnished.

D. Substation: Particulars under switches H.T. and L.T. have not been furnished.

E. Transformers: The particulars as per the abbreviated form of inventory have not been furnished.

G. Stationery: Cost of stationery have not been furnished.

Regarding Karkal, also full details as per abbreviated form have not been furnished. The details, mentioned above may please be furnished early.

No.151 N/51 - 17 dated 30 -5- '51

Sir,

Sub:- Udipi Electrical Undertaking - Acquisition by Government

Ref:- Your notice to the consumers in page 2 of The 'Hindu' dated 29 -5- '51.

I invite reference to the above and have to state that the words "Electric Supply Corporation Ltd.", mentioned at the top of the notice is objectionable and misleading in as much as under the Acquisition Act, Government can take over only the "Udipi Electrical Undertaking" and not the entire 'Udipi Electric Supply Corporation Ltd.' which is permitted by its memorandum of association to engage in business activities other than the generation, distribution and sale of electricity. The company limited disappears only after receiving compensation and then, if it so decides going into liquidation until then it has to continue separately. In view of this, the words "Electric Supply Corporation Ltd." may be deleted from the notice and the words "Electrical Undertaking" inserted after the word Udipi in the portion referred to and the corrections notified to all concerned. Attention is also invited to the specimen form of notice furnished to you with this office letter No.1089 N/50 - 66 dated 25 -5- '51, (Copy enclosed.)

Further to this office letter No.151/N/51-20 dated 5-6-51, I enclose herewith a copy of letter No.UP.10 dated 2-6-51 from the Checking Officer with a copy of the declaration form duly signed by the Checking Officer and Sri D.S.Pracasa Rao, nominee of the Accredited Representative for information of Government. In the declaration form it is stated as "without prejudice to our rights for fair compensation". This point has already been commented upon by me - vide - para 3 of letter No.151/N/51-14 dated 26-5-1951 to Government. If considered necessary, the legal implications underlying this may please be got examined.

X Further report relating to taking over of assets as per the inventory will be submitted to Government on receipt

Sub: Udipi and Karkala Electrical Undertakings - Acquisition - Brief report..

Ref: Your Memo No.151/N/51-10 dated 16-5-1951.

I confirm to have telegraphed to you yesterday as follows:

"Udipi and Karkala distributions taken over to-day"

Assistant Engineer.

The declaration of vesting of the undertakings was signed by Sri D.S. Pracasa Rao, the authorised nominee of the Accredited Representative and by me on behalf of the Acquisition Officer in the specified form 4 copies of which are enclosed herewith. I have to report that the authorised nominee has added the following words at the end of the declaration form

"without prejudice to our rights for fair compensation"

As the copy of inventories was received only on the 25th May 1951 checking could not be completed before the vesting date. Items listed below have however been checked as per the briefer inventory and taken over on 1-6-1951.

1. A. Land.
2. B. Buildings.
3. C. Generating Plant.
4. E. Substation.

p.t.o

5. F. Transformers.
6. I. Testing Instruments.
7. K. Tools (loose)
8. L. Furniture.
9. M. Conveyances.
10. O. Electric fittings and Equipments.
11. P. Library.
12. R. General Stores.

In checking the assets taken over the procedure outlined in your memo has been followed. As no books and records were made available or handed over to me by the licensee, the dates of purchase, installation and commissioning of plant equipment, furniture etc. could not be verified.

Checking of distribution lines has been partly completed. Further checking is being continued and the final report with the inventory will be submitted in due course.

The nominee of the Accredited Representative has stated that the title deeds and other documents will be handed over later on.

No. 151-N/51-67 dated 16-10-1951.

RECEIVED 19 OCT 1951 89586 PUBLIC WORKS DEPARTMENT

Sir,

Sub: ACQUISITION of Udipi Electrical Undertaking - Handing over of books etc. - Requested.

Ref: Your letter No. U.267/Acquisition/ dated 14-7-1951.

I invite reference to your letter cited above and have to state that the due date for submission of the audited statement of accounts and the statement of claims for payment of compensation is long over due. You have not submitted any of them nor have you taken any action for handing over of all the books of accounts, registers etc., retained with you for the purposes of audit. For want of these books, the Checking of assets etc., is pending and you will appreciate that this state of affairs should not continue any more even after about 4½ months since taking over of your Electrical Undertaking - vide the following references in this connection:-

1. letter No.UP/248 dated 24-7-51 of the Checking Officer to you.
2. " No.UP/268 " 1-8-51 " " and
3. My letter No.151-N/51-55 dated 24-8-51 to you.

I request therefore that you will please take immediate action in this regard both in handing over of all the books, records etc., to the Checking Officer and in submission of the audited statement of accounts and the statement of claims to this office.

I also invite reference to my letter No.151-N/51-59 dated 7-9-51 regarding 2nd hand assets and request an early reply thereto.

Yours faithfully,

K.V.Lakshmanan

From
The Chief Electrical
Inspector to Government,
157, Mount Road, Madras-2.

To
Sri K.V.Subba Rao, Accredited Representative of
Messrs Udipi, Chicacole and Salur-Parvatipur Electrical
Undertakings, 98-A, Armenian Street, Madras-1.

ADDL. JOINT SECRETARY TO GOVT. 9 - NOV 1951

No.151 N/51-72 dated 5--11--1951

Sir,

Sub: Acquisition of Chicacole, Salur Parvatipur and Udipi Undertakings - Taken over by Government - Handing over of books.

Ref: Your letter dated 19-10-1951

95882

In your letter cited above you have stated that the remarks of this office that you have not taken any action for handing over of all the books etc., is not fair. According to section 17(4) of the Acquisition Act you should have handed over all documents relating to all the three electrical undertakings. As the same has not been done even after ~~of~~ about 4½ months since taking over of your electrical undertakings, I have to remind you for the same.

I have to state that after handing over of these books every facility will be afforded to you under Section 17(5) of the Acquisition Act to have access to these books for audit and other purposes.

As per section 12(2) of the Acquisition Act, it has been stated that Government shall roughly estimate the compensation within four months from the date of vesting. If the necessary documents are not been handed over to Government, you will appreciate how difficult it would be for the Government to determine and estimate the compensation within the time stipulated in the Acquisition Act and Rules. Any discrepancy in handing over can only be found out with reference to the books and this will facilitate working out the compensation correctly with reference to the assets handed over. As such, it would facilitate both of us if the provisions of the Act are strictly followed. I hope you will definitely appreciate my view point and arrange to hand over the records, documents, audited statement of account and claim statement ~~any~~ early.

Yours faithfully,

C. N Lakshmanan

for Chief Electrical Inspector
to Government.

PKC/6.11.

Copy to the Secretary to Government, Public Works Department for information together with a copy of letter dated 19-10-1951 from the Accredited Representative in continuation of this office letter No.151 N/51-67 d/16-10-51

Copy ~~to~~ with a copy of Accredited Representative's letter dated 19-10-1951 forwarded to the Checking Officer, Udipi in continuation of this office Endorsement No.151 N/51-67 dated 16-10-1951.

P.W.(2)

May be filed and further reports from the C.E.I.G. may be awaited till 10-12-51.

E.R. sent on 14-12-51

Inspector to Government, Madras.

Sub: Acquisition of Electrical Undertakings - Hand ing over of books etc.
Ref: Your communication No.151-M/51-67 dated 16th October, 1951

I am in receipt of your above communication.

In this connection, I have to point out, that one Company, The Mechelec Engineering Co.Ltd., are the Managing Agents of the three electric supply corporations - Udipi, Chic cole and Salur-Parvatipur, whose electrical undertakings were taken over by Government, in the month of June, 1951. The entire staff had therefore to work in preparing the necessary statements of various assets, for handing over the undertakings to the ~~xxxxx~~ Government, on the due dates, which was promptly done by us. After the undertakings are handed over, the staffs of these three undertakings were taken over by Government, It is then, that we have to collect the books from the various branches, get them to the Head Office and recruit new staff, to make the accounts and prepare them for audit. Even in the normal case, it usually takes a minimum period of three months for the accounts to be audited and placed before the Directors. In this extraordinary case, when all the staff are taken over and when practically no staff left and we had to recruit new staff, who do not know anything about electricity accounts, it can be appreciated, how difficult it will be to prepare the accounts for audit and then submit the same to the auditors. However, it took only July, August and September, i.e., three months, to prepare the accounts and now during this month, we have handed over the accounts of these three companies to the auditors and the audit is now going on. It is expected, that by the end of this month, the audit will be over, both for the period upto 31st March, 1951 and also upto the vesting dates, as required by the Governmand and two balance sheets will be made. It is only after these balance-sheets are made and accounts are audited that we can work out the claims statements, which otherwise would only be approximate. So, it is only in the first week of next month that we could work out all the claims statements and then convene Directors Meetings, place these claims statements before them, and forward the same to you. The work is being done, with as much speed as is humanly possible and within the minimum time that is allowed by the physical conditions that are encircling us.

You will also appreciate, that we are much more anxious to submit the claims statements and get the money from the Government, as otherwise, the companies would only have expenditure, without any revenue and it stands to gain nothing. We do not have any desire to delay the submission of either the books or the statements of claims.

It has been repeated in all your letters that we should handover all the books. We cannot understand, how we can hand over the books, without getting them audited and without making our claims statement. According to the Companies Act, and regulations, we have got to get the accounts audited, prepare the balance sheets and place them before the shareholders and these are statutory obligations on us and if all the account books are handed over, what is it that we have to do to satisfy the statutory obligations and under the circumstances, we could naturally not hand over the books, till the work is completed. Your remark therefore - that we have not taken any action - is not fair. We are taking all actions that are necessary to complete the work and once the work is over, we have absolutely no objection to give you any book that you want and take it back, after you have finished scrutinizing the same.

With reference to the last para of your letter, this statement will also be submitted after the audits are completed.

I shall be glad to give you any further information you may require in this connection

Letter No.151 N/51-75 dated 16-11-1951.

Sir,

Sub: Udipi Electrical Undertaking - Taken over by Government - List of inventory of assets checked and taken over.
Ref: 1. This office letter No.151 N/51-14 dated 26-5-1951
2. This office letter No.151 N/51-22 dated 7-6-1951

Further to this office letters cited above, I enclose herewith a copy of the list of inventory of assets in respect of Udipi and Karkala as submitted by the Checking Officer together with his detailed report thereon. The Checking Officer has also pointed out against each item, the condition of the asset and also discrepancy if any between the original inventory as submitted by the Accredited Representative and as now checked and taken over by him. The Checking Officer has not furnished the book value of assets for most of the items noted in the inventory, date of purchase etc., since the Accredited Representative has not so far handed over the books, stores ledgers etc., The Accredited Representative has however written to this office stating that all the records in respect of the three undertakings viz., Salur, Parvatipur and Udipi and Srikakulam will be handed over by 1st December 1951 - vide copy of his letter dated 12-11-1951 (enclosed)

2. It is also noted from the Company's — Vide P 61 infra report that service connection Nos.485, 486, 487, 488, 490, 491 and 492 and cost of meters as per his list were entirely paid for by the consumers. The amount involved such services if found included in the licensees claim will be deducted from the compensation statement before final payment is made. The cost involved on these service connections cannot now be stated since the records have not been handed over to the Checking Officer. The Checking Officer will be asked to furnish the amount involved on such services for further action.

3. It is noted that the Company Officer is having books (library) worth Rs.566-8-6 as per Company's Capital account for 1949-50 but it is noted that they have handed over books worth Rs.4-4-3. This will be taken up with the Accredited Representative to account for the discrepancy failing which the amount involved on account of shortages will be deducted from the compensation statement.

4. In Karkala it is noted that meter in service connection numbers 61 and 62 were fully paid for by the consumers. — Vide P 61 infra The cost involved will be ascertained and deducted from the compensation amount.

5. The amount involved on consumers security deposits, staff security deposits etc., and interest accrued thereon cannot now be stated since this can be ascertained only after all the books are made available and the audited statement of accounts upto the vesting date is sent. Necessary action will be taken before settling final payment.

6. The inventory is not quite clear as to find out the list of second hand assets. This will have to be verified from the books. Further, there may be items which might have been sold by the licensee, and the discrepancy in the licensee's inventory and that furnished by the Checking

(PTO)

Checking Officer may be even due to such sale. This could be verified only after the books are handed over to the Checking Officer. Necessary action on this will be taken before final payment is made.

Yours faithfully,

Chief Electrical Inspector
to Government and Requisition officer

Copy to the Chief Operation Engineer (South), 157, Mount Road, Madras-2. (with enclosures)
I suggest that the Superintending Engineer, Pykara Electricity System, Coimbatore may be instructed to take necessary action with regard to rectification of defects mentioned in the ~~xxxxxxxxxxxx 12-11-1951~~. Checking Officer's report. (~~with enclosures~~)

Copy to the Superintending Engineer, Pykara Electricity System, Coimbatore with the letter dated 12-11-1951.

Copy to the Assistant Electrical Engineer and Checking Officer, Q.E.D. Vaigai for information with a copy of the accredited representative's letter dated 12-11-1951 referred to. With reference to his letter No. UP.615 dated 10-11-1951, There is no spare copy mixed up containing 14 sheets covering meters and services and the copy now sent by you therefore has been ~~returned~~ retained. Necessary correction in the book value has been made as per para 2 of his letter. He is requested to take necessary action on para 2 to 6 of the above letter and intimate the result to this office after the records are received from the accredited representative. He is also requested to address the Accredited Representative regarding shortages between original inventory and the one sent to this office as checked and taken over by him. If the Accredited Representative is unable to explain for the discrepancy then necessary action for the deduction of the amount for such of those items not handed over have to be taken. A copy of the letters addressed to the Accredited Representative in this connection may also be sent to this office for reference.

Sub:Acquisition of Chicacole, Salur-Parvatipur and Udipi Undertakings - Taken over by Government - Handing over of books

Ref:Your communication No.151 N/51-72 dated 5-11-51

We thank you for your above communication. I do appreciate your view point and clearly know, how difficult it will be for you to assess the compensation without the necessary statements. It is because of the same, I am anxious and earnestly trying and hurrying up as much as is humanly possible, to complete the audits, prepare the statements and then submit all records to you. The audits are just over and I am now working out the statements and arranging all the original records in an order, so that, you could easily go through the statement and see the truth of each point direct from original records. All these will be handed over to you for the three concerns - Chicacole, Udipi and Salur-Parvatipur by the end of this month.

I trust you would appreciate our difficulties already explained in our previous letters and our anxiety to hand over all these to you.

Copy of letter No. UP/AE/601/52-29 dated 20.9.1952 from the Assistant Engineer (Electrical) and Checking Officer, Government Electricity Department, Udipi to the Chief Electrical Inspector to Government, Madras - 2.

Sub :: Udipi Electrical Undertaking - Taken over by Government - payment of final compensation - report called for --

Ref :: C.E.I.G's Memorandum No. 151-N/51-159 dated 22.8.1952.

Adverting to the above, I have to report as follows in reply to each para.

Para: 1 My final report on the complete list of assets missing or not handed over together with their book value and estimated cost thereof has been made in this office Reference UP/AE/601/52 dated 14.9.1952 and this may be read together with my remarks offered in my report No. UP/193 dated 14.7.1952.

Para 2: I have to report that there are no other items of second hand assets of the undertaking taken over by the department other than those mentioned in my letter No. Up/242 dated 23.7.51 and finally reported in my Reference UP/AE/601/52 dated 14.9.1952 showing the main payments in regard to Blackstone and Crossley Engines etc., with reference to the records handed over.

Para 3: With regard to the fixation of value of used stores as envisaged in clause 5 (3) (iii) of the Act in consultation with the Accredited Representative, I have to state that this was not possible to be done as the Accredited Representative had not replied to my letters addressed to him earlier and as it would serve no useful purpose to address him. This matter had not been therefore pursued further.

Para 4: My remarks on the Chief Electrical Inspector's reference No. 151-N/51-124 dated 8..5..1952 have been furnished in this office letter No. UP/AE/601/52 dated 13.9.1952.

Para 5: The exact amount that should become payable under each item based upon the data available in the books of the company since taken over has been furnished in the tabular statement submitted to the superintending Engineer, Pykara Electricity System, through the Divisional Electrical Engineer (Acquisition), Coimbatore in my No. UP/AE/601/52-28 dated 19.9.1952. I have to add nothing further in the matter.

The C.E.I.G.

The CO ECN 21/11

Subject:- Electricity - Udupi company electrical undertaking Acquisition by Govt. - Submission of certain particulars by licensee

Ref:- From the C.E.I.G., No. 151-N/51-6 D/ 16.4.51

Please see the letter from the C.E.I.G. at p.1 cf. The Govt. have sanctioned the acquisition of the Udupi company electrical undertaking under the provisions of the Madras Electricity Supply Undertakings (Acquisition) Act, 1949 and an order under section 4(1) of the said Act, declaring that the undertaking shall vest in the Govt. on 1-6-1951 has also been served on the licensee in G.O. Ms. No. 237 P.W. D/ 18-1-51. This order was received by the licensee on 20-1-51.

Papers not put up

2. According to section 17(1) of the Act, the Udupi licensee should have prepared and handed over to the Govt. before 20-4-1951, a complete inventory of all the assets belonging to his undertaking and of its documents. This section empowers the Govt. to allow further time to the licensee to submit the inventory. No such further time has been granted by the Govt. so far. According to rule 7 of the Acquisition Rules, the Udupi licensee or his accredited representative should furnish to the Acquisition Officer (C.E.I.G.), at least two months prior to the vesting date i.e. before 1-4-1951, particulars of all the staff employed in the undertaking. There is no provision in the Rules to grant any further time in this regard.

not put up

not put up

3. The Udupi licensee or his accredited representative has not furnished the particulars referred to in para 2 above. The C.E.I.G. has reminded the licensee for these particulars and has suggested to the licensee that he may apply to the Govt. for extension of time for submission of the inventory of assets. It may be mentioned that the time limit for submission of inventory has expired on 20-4-51. In connection with the question of granting extension of time to the accredited representative of the licensee for choosing the basis of compensation under section 9(1) of the Act, Legal have stated that it is

p.1 cf

X p.1 cf

Separate file
C No. 596.9/51
not put up

the section can be exercised after the period fixed in the section has expired. It would therefore appear that even if the licensee applies for extension of time to submit inventories, it cannot be granted now. Under rule 12 of the Acquisition Rules, where the particulars and inventories have not been submitted to the Acquisition Officer, by the licensee or the accredited representative, as the case may be, before the vesting date, the Acquisition Officer or the Checking Officer shall prepare those particulars and inventories. The C.E.I.G. who is the Acquisition Officer, may perhaps be asked to take necessary action in the matter (as provided) under rule 12 mentioned above.

4. The file may be sent to Legal for remarks.

24/4/51

TPK
25.4.51

Legal

LEGAL DEPARTMENT.

The view expressed by this Department in respect of section 9(1) applies equally to section 17(1). There is no legal objection to asking the C.E.I.G. to take necessary action in the matter under rule 12, as suggested by P.W.D.

Kept below Vide Para 1(c) p. 15 cf

Para 2 p. 15 cf

Please see the letters from the C.E.I.G. at pp. 15-21 cf. The C.E.I.G. has ~~forwarded~~ sent one copy of the inventory (so far) sent by the licensee and promised to send the remaining on receipt from the licensee. This may be awaited. While forwarding the inventory of assets and other particulars relating to the Udupi undertaking, the Udupi Electric ~~Corporation~~ the licensee has forwarded copies of two resolutions passed by the Board of Directors of the licensee company. One of them states that the Udupi undertaking would be

p. 17 cf

X p. 17 cf

handed over to the Govt. without prejudice to the company's rights for fair compensation. The C.E.I.G. has stated that the intention of the above resolution is not clear and has suggested that the accredited representative may be informed that compensation for the Udupi undertaking will be as per the provisions of the Acquisition Act and as applicable to Basis C laid down in the Act. The C.E.(E) has not offered any remarks so far. It may be mentioned that with ref. to section 9(1) of the Acquisition Act, the accredited representative intimated that Basis C might be adopted for the Udupi undertaking. ~~He also~~ As the accredited representative chose the basis after the expiry of the time laid down in section 9(1) of the Act, the Govt., themselves, under the powers vested in them under section 9(3) of the Act, declared in G.O. Ms. No. 1944 P.W. Dt 12-5-51, that the basis under which compensation would be paid for the Udupi undertaking shall be Basis C as laid down in section 5(3) of the Act. The ~~accredited representative~~ Udupi licensee may be informed that compensation for the Udupi undertaking shall be payable in accordance with Basis C as laid down in the Act.

3. In the other resolution, the Board of Directors have requested that all the members of the staff of the Company be taken over by the Govt. With ref. to this the C.E.I.G. has drawn attention to his proposals regarding the absorption of the Udupi licensee's staff. This is separately under consideration. Necessary extracts from this file may be added to the other file for taking suitable action. As regards the notice to the consumers mentioned in the letter at p.19 cf, action is being taken separately regarding the wording of such notice and also the action seeks called for in this file.

Y p.17 cf

Para 4 p 17 cf

Separate file not put up

4. Sri K.V. Subba Rao, accredited representative of the Udupi, Srikakulam and Salur - Parvatipur electrical undertakings, has authorised Sri D.S. Pracasa Rao to hand over the undertakings to the Govt. on the respective vesting dates and to sign all the returns on behalf of the accredited representative. The C.E.I.G. has expressed a presumption that the above nomination is in order and has asked for the confirmation of this

Separate file not put up

Vide p.23 cf

Para 2 p 21 cf

presumption. It may be mentioned that in respect of the Proddatur undertaking which has vested in the Govt. on 29-12-50 under the Acquisition Act, a question arose whether the accredited representative can nominate another person and delegate powers to the nominee. Legal Deptt. have remarked as follows in that connection:-

"The accredited representative is a functionary who owes his origin to the statute. The rules framed and duly published under section 22 of the Act take effect as though they form part of the Act itself - vide section 22(3) of the Act. Rules 10 and 12 expressly provide for the accredited representative nominating a person of his choice to carry out the functions contemplated by those rules. These rules are an ample authority to enable the accredited representative to delegate his functions to another person. There is no force in the argument that Rule 12 is ultra vires the Act. Further, the functions to be performed by the nominee of the accredited representative under rules 10 and 12 are of a purely ministerial character. Therefore, even otherwise, the accredited representative will be entitled to nominate another person to perform those functions."

The above position was intimated to the C.E.I.G. in para 5 of Memo No. 63-I/51-3 P.W. dt 15-3-51. ~~May be informed that the nomination of Sri D.S.P.~~

In view of the remarks of the Legal Deptt., the nomination of Sri D.S. Pracasa Rao made by the accredited representative seems to be in order.

5 It may, however, be mentioned that Sri D.S. Pracasa Rao is a member on the staff of the Udipi licensee and that he has expressed his willingness to serve under the Govt. after the acquisition of the undertaking by the Govt. It is not known whether Sri Pracasa Rao has been taken over by the Govt. Elecy. Deptt. along with the Udipi undertaking. The C.E.I.G. may be consulted in the matter. The Acquisition Rules

do not prohibit the accredited representative to authorise any member of the licensee's staff as his nominee. But it is doubtful whether the said employee can continue to function as the nominee of the accredited representative, even after that employee is taken over by the Govt. Elucy Deptt. Legal may be requested to advise on this point. P/D. A

6. With ref. to 'A' on p.4 ante and 'B' on p.5 ante, two drafts are submitted for approval. After issue, the file may be sent to Legal for remarks with ref. to paras 4 and 5 at pp. 4-6 above.

14/6/51

14/6/51

Legal (A above) (a⊗.i) ⊗Issued - vide pp. 25-26 cf

Legal department. P.W.D. U.O. No. 2410-9/51-6

21-6-51

As pointed out in a previous note of this Department extracted at p.5 ante, it is open to the accredited representative to delegate his functions to a person of his choice and there is no requirement in the rules that this person should not be an employee of the undertaking itself. There is however another aspect of the matter which needs consideration. The employee is reported to have expressed his willingness to serve under the Govt. If, in pursuance of such expression of willingness, he has been taken over by the Government, his position as an employee of the Government will not be quite consistent with his position as a nominee of the accredited representative entrusted with the function of handing over the assets of the undertaking to the Government. It is, therefore, clearly desirable that the accredited representative should be requested to nominate another person for the purposes in question.

iv) " " UP/170/7-7-51 to C.E.I. to Govt.
v) " " UP/184/12-7-51 to "

Sir,

The Electrical Undertakings at Udipi & Karkala were formally taken over on 1-6-51.

As the inventories of assets was received only on 25-6-51 all the items of the assets could not be checked before 1-6-51, the date of vesting. The checking of the balance of items was continued after the vesting date and completed.

The statements and inventories are enclosed herewith. Any descrepancies, defects & shortages noticed while checking the fixed assets, have been noted in the inventory and against only such of these items checked before the vesting date the attestation of nominee of the accredited reprrsentative of the Corporation has been taken.

A detailed report in quadruplicate on ~~the assets~~ checked and taken over is enclosed herewith. The reports covers all the major items of the assets and gives their present condition and such other useful information to enable assessment of fair compensation to the Licensee.

The licensee has not furnished the list of inventory of documents, books, records, files etc that were available with him in form A of Annexure II of the Acquisition Rules; nor has he handed over the records other than the following:

1) Consumer's Ledger from 1-1-1948
2) Meter reading Registor (latest)
3) Stores Ledger
4) Rates & Condition of supply
5) Pending application Register.

Therefore the book-value and the dates of purchase, installation, commissioning of the plant & equipment, furniture etc could not be verified.

It is understood that the licensee has transfered all records documents, old files etc including the Power house log sheets to their Head Office at Madras about 6 months back. The documents have not been returned so far in spite of your letter No.151 N/51-27 dated 20-6-51 to the Accredited Representative. Section 12 of the Acquisition Rules requires the checking officer to prepare such of these statements & inventories listed in Annexure I, not furnished by the licensee. Due to nonabailability of the above records it is not possible to prepare the statements etc.

Staff: All the staff of the Licensee stationed at Udipi and Karkala, except the Power House Foreman at Udipi, have opted for Government service and these have been taken over.

It is understood from the staff that no security deposits have been taken from any of them. Particulars of staff Provident Fund & other benificiary schemes and advances to staff are not available here.

Liabilities

The licensee has not furnished all the statements of liabilities listed in Annexure I of the Acquisition Rules. The statements which have been furnished have been checked to the extent possible with the available records and commented upon in detail in my letter No.UP/170/dated 7-7-51 & 184/dated 12-7-51. Further comments not already included in the above letters are given below for consideration:

Udipi.

1) An amount of Rs.111-15-2 has been shown as arrears of (bills of) flat rate consumers, disconnected. It is noted that advance deposits collected from the consumers listed therein are in every case less than the arrears of current consumption charges except for the service connections nos. 68,152 & 226. It may therefore be very difficult to realise the arrears.

2) A sum of Rs.248-6-4 has been shown as arrears of service connection charges, payable by the parties. It may be difficult to demand and collect the amount from the consumers unless complete records for these are made available by the licensee.

3) A sum of Rs.237/- has been shown as cost of materials sold to parties by the Company. They were not sold on account of service connections. No details of the materials sold have been furnished. Without complete information, it may not be possible to collect this amount.

Karkala.

1) A sum of Rs.45-8-2 has been shown as dues from disconnected flate rate consumers. For the same reasons as mentioned under item I of liabilities of Udipi, it is likely that this sum may not be realised.

Items remaining unchecked for want of documents, records etc will be checked later when the records are received from the Licensee's Head Office at Madras and will be reported separately.

(Sd) ASSISTANT ENGINEER
(ELECTRICAL)
& CHECKING OFFICER.

Enc: 1) One copy of the Detailed report.
2) One copy of the Statement & Inventory (will be sent separately)

3) Copy of letter No UP 170 dated 7-7-51 K.V.K. Sambhogirao C.O. 13/X

4) U.P. 184 dated 12-7-51

to accompany the inventory of assets checked & taken over.

A. UDIPI ELECTRICAL UNDERTAKING.

Land & Buildings.

Sri Krishna Power House of the Udipi Electrical undertaking is located on leased land, S.F.No.130-2A3, situated in Moodanidamboor village of Udipi Taluk, South Kanara District. The land belongs to Sri Bheemankatte Mutt, Thirthahalli, Mysore State. The extent of the leased land is about one acre and 12 cents. The lease is for 99 years, commencing from 1-11-1937, the annual rental being Rs.275/-

The Office buildings, stores etc. of the Udipi Electrical undertaking are also located in the power-house compound. There is enough vacant space in the power house compound for further expansion of both Power House and Office buildings.

The Power House building is of granite in cement morter with cement asbestes roofing on steel purlings. It was constructed by the licensee. The oil storage shed near the power-house and the one adjacent to the office, the well and the watchman's shed were also constructed by the licensee. The roofing of the oil shed near the office is of Mangalore tiles on bambee rafters and is in a bad condition. It appears to have been constructed only as a temporary building.

The Office building and latrine were constructed by the lessor and not by the licensee. They are found in a bad condition and require immediate major repairs. A portion of the compound mud-wall for about 25 feet on the eastern side has fallen. As per terms of the lease, the maintenance of the leased building is to be done by the lessee. This has not been carried out by Messrs.Udipi Electric Supply Corporation.

24

The book value, viz.Rs.21,000-9-9, of the buildings as stated in the inventory by the licensee appears to include the cost of constructions in the power house at Karkala such as cooling water tanks, machine foundations etc. also.This may please be checked.

The steel overhead water tanks at Udipi are found to be badly leaking. Some of the leaks appear to have been plugged with cement mortor. The tanks require major repairs or complete replacement. It may please be checked whether the book value of the buildings includes the cost of oil storage tanks at Udipi and the water tanks both at Udipi & Karkala.

Generating Sets.

1. Deutz 4 stroke, 4 cylinder V4M vertical diesel engine, 500 R.P.M, 200 B.H.P. The condition of the engine is fair. It has been the main stay in the power house. The date of commission of the engine as given in the inventory, viz. October,1941, required verification. There are no records to check the correctness of the date. As understood from the licensee's staff taken over by us, it was installed in 1938 i.e. right in the begining. Assuming that date to be correct the engine has run for 12 years. It has not undergone any major repairs. The liner of the fourth cylinder was changed in June 1947. The liners of the remaining cylinders require replacement as indicated by the high consumption of the lubricating oil. At present the engine takes load of 130 K.V.A. satisfactorily.

Present oil consumption figures are al below:

Fuel oil per unit generated ..... 0.71 lb/unit
Lubricating oil per unit generated .. 0.0875 lb.

The condition of the Generator (directly coupled to the engine) is good.

2. Blackstone, single cylinder, horizontal, 4 stroke diesel engine, 300 RPM, 48 H.P.

This appears to have been purchased 2nd hand and installed in 1942.

The cylinder head of this engine has cracked and water is found badly leaking through the crack. The engine gets overloaded even at 50% of the rated capacity. It can take only about 17 K.V.A. Its condition is bad, and it is unfit for reliable service. The piston and cylinder liner had been changed in September 1947.

The present oil consumption figures are as below:-

Fuel oil per unit generated ..... 1.04 lb/unit
Lubricating oil per unit generated .. 0.0812 lb/"

The figures are high and engine is not economical to run.

The Generator is belt-driven. Its condition is fair.

Engine Spares.

The company has not kept any spare parts worth mentioning for the engine. A few spares appear to have been purchased along with the engine. These have been practically used up and the company has not replaced the stock.

Auxiliary Mechnical Plant.

The auxiliary mechnical plant of both the engines is in good condition, subject to the marginal remarks against two of the items in the inventory.

The 3 - ton Morris & Herbert Ltd. overhead crane is in good working order.

Auxiliary Electrical Plant.

There are two nos motor pump sets of 3.2. KW capacity. One for the Sprayers and the other for pumping water to the overhead steel tanks.

Switch Board.

Most of the meters are found to be not in working order and require major repairs and few may have to be scrapped.

H.T. Overhead Lines.

This consists of 3.75 miles of 11 K.V. lines on steel tubular Poles from Udipi power house to Manipal, a suburb of Udipi, feeding one consumer who takes L.T. supply. The line was constructed in 1939, with G.I. wires as its conductors. As the G.I. Wire were later on found to have badly rusted, the licensees replaced 1/3 of the length by copper conductors. Remaining portion of the G.I. wire conductors have been left as such and will therefore have to be completely replaced with copper conductors immediately. The steel tubular poles have been properly concreted but require to be painted urgently.

L.T. Overhead Line.

The distribution network consists of 6 miles of 3 phase 5 wire line and 6½ miles of single phase 3-wire line on various types of supports - steel tubular poles, rails, R.S. Joists and wood poles. Poles are properly sleeve concreted. The major portion of the line was completed in 1939-40. The steel pole require immediate painting. Most of the cross-arms are badly rusted.

25 nos. of wood poles have badly deteriorated and require urgant replacement.

L.T. Underground Line.

This is laid along the car streets round the Sri Krishna Temple. The cable is a 4 care, paper insulated, 500 volt, grade one and it is 800 feet long.

Substations.

There are 2 Double Pole Transformer structures - one at the Power house for a 100 KVA. distribution transformer. There are no switches on the H.T. side, the control for the whole of the line being at the power house switch-board. Lightning Arresters have been provided both on H.T.& L.T. lines at the power house transformer structure. The condition of the structures is good.

Transformers.

There are 3 oil-filled transformers of the following capacities:

1. 100 KVA. , 11000/400 volts.
2. 75 KVA. , 11000/400 volts.
3. 25 KVA. , 11000/400 volts.

The first two transformers are in service from 1939. The third one is in stock as a spare.

Item (2) is reported to have been repaired and overhauled about 1½ years back.

A list of service lines as on 1-6-51 are given below:-

S.No.	Broad classification	Existing	Disconnected but not dismantled.
1.	Domestic lights & fans.	281	18
2.	Domestic appliances.	16	nil
3.	Bazaar lights.	132	9
4.	Commercial heat,light & fan.	136	nil
5.	Industrial,small.	20	1
6.	do large.	1	nil
7.	Agricultural	1	nil
8.	Others	9	nil
	Total	596	28

Of the above, all the materials in the following service connection numbers were entirely paid for by the consumers:-

a) 485,486,487 & 488 ..... Single phase services
b) 490,491 & 492 ..... Three phase services.

Most of the service connection cables (overhead & underground) have been in service for a long time. They have deteriorated and require to be replaced early.

Meters.

A classified list of meters is given below:-

S.No.	Type of KWH meters.	Paid for by Company.	Paid for by Consumers.
1.	Single phase	414	49
2.	Three phase 4-wire	1	-
3.	Three phase 3-wire	16	8
4.	Special type (double tariff)	1	-
	Total	432	57

The meters in the following services are fully paid for by the consumers.

a) 3 phase meters: 434, 454, 460, 466, 478, 490, 491, 492

b) Single phase meters:

277	419	433	442	450	458	477	488
375	425		443	451	461	480	
378	426	435	444	452	462	483	
380	428	437	445	453	463	484	
381	429	438	446	455	465	485	
388	431	440	447	456	467	486	
414	432	441	448	457	469	487	

Testing Instruments.

These are very few in number. Those requiring special mention are : one Evershed & Gignol Mogger Insulation Tester,500 Volt grade, and one Retating Substandard Single Phase Meter of Landys & Gyr make.

The conditions of the instruments is good.

Book values of the above items as given in the inventory could not be verified.

Street Lighting Equipments.

Out of 220 fittings, 181 nos. ordinary fittings and 34 nos. suspension light fittings were installed by the Company and the balance 5 nos. underground fittings uspplied entirely by the Udipi Municipality. Bulbs in use as on 1-6-51 were 191 nos. The condition of the street light fittings is fair and that of the service connection is unsatisfactory.

The street light circuits are being controlled from power house. Individual switches are provided for 5 street lights in the temple square only, as they are fed off the U.G. 4 core cable. The condition of these switches is bad.

Tools.

Tools having been in use for 10 to 12 years are in worn out condition.

Furniture

Only the furniture existing in the Udipi & Karkala offices and power houses has been handed over. The furniture in the Head Office of the Company at Madras in the account of the Udipi Elec.Supp.Corpn., Ltd., has not been handed over.

Conveyance.

The bicycle handed over by the Company may be allowed normal depreciation, It is in working condition.

Telephone line & equipments.

There are no telephone lines & equipments constructed by the company.

Electric fittings & equipments.

The condition of wiring in the office building is very bad.

Power house is not adequately lighted. The lights provided are very low wattages.

Library.

No books worth mentioning have been handed over by the company. Whereas the company had a library worth Rs.543-1-9 (vide the company's balance sheet for 1948-49) they have handed over books worth Rs.4-4-3 only. Presumably the library was located in the Head Office of the Company at Madras and it has not been handed over except for the few booklets mentioned in the inventory.

General stores.

The quantities under various items of stores listed in the inventory includes scrap. The quantities which should be considered as scrap are noted against the concerned item.

The stores under items 148 to 150 were despatched from Madras by the company on 26-5-1951 and were received here a week after the vesting date (1-6-51) The G.I.Stay wire under item 148 is not new and is in bits of 50 to 70 lbs weight. It is not clear why such a large quantity of stay wire came to be despatched to Udipi from Madras just before handing over the undertaking to Government, especially when there was more than the required quantity of stay wire already in stock at Udipi viz. about 3000 lbs.

(Sd.) Asst. Engineer Udipi

R V Shambhogue
C.O. 13/x.

B. KARKALA ELECTRICAL UNDERTAKING.

Land & Buildings.

The Karkala Power House is located on leased land S.F. No.143 sub division 38 situated in Karkala township of Karkala Taluk, South Kanara District. The extent of the land is 99 cents. The land belongs to late Sri K,P. Seshagiri Prabhu landlord, Karkala and has been leased to Messrs.Udipi Electric Supply Corporation Ltd. for 25 years commencing from 15-7-40. The Power House and 4 other buildings on the same land were constructed by the lessor. The latter buildings are being used for office and residential purposes. There are a number of yielding trees also on the land. The annual rental for the entire plot is Rs.360-0-0.

There is enough space in the Power House for accommodating additional engine sets.

As per terms of the lease, the maintenance of the leased buildings is to be done by the lessee. But this has not been carried out by Messrs. Udipi Electric Supply Corporation.

GENERATING PLANT.

" Crossley, single cylinder, type H.D.8, RPM.340, 26/28 H.P. diesel engine.

This is the only engine driving a 20 KW GEC Generator through a bolt-drive.

The condition of the engine and generator is very unsatisfactory. It can hardly take up at present 40% of its normal load. The supply from the engine set produces a distinct flicker in the lights.

The engine and generator set appears to have been purchased second hand. The set is reported to have been installed and put into commission at Karkala in 1945, as per the inventory. Judged from the number of hours the set has been run so far, the date of installation as given by the company appears correct. There is no other record to check the date.

The average fuel & lubricating oil consumption of the engine per unit are given below:-

Fuel oil 1.09 lbs. per unit
Lubricating Oil 0.13 lbs. " "

The figures are very much on the high side and the engine set is uneconomic to run.

Spares.

The company has not kept any spares parts for the engine worth mentioning. A few spares appear to have been purchased along with the engine. These have been practically used up and the company has not replaced the stock.

Auxiliary mechanical plant.

There is one overhead steel tank of 500 gallons capacity. It is very badly leaking and requires urgent replacement.

Auxiliary Electrical Plant.

The pump set for pumping water from cooling water ponds is in good condition.

Switch Board.

The meters require urgent testing & overhauling.

The book value of Rs.14,082-2-9 given under "Generating Plant" appears to include the value of all auxiliaries as well. This is clear from the inventory for Udipi Undertaking.

MAINS.

There are no H.T. overhead or underground mains.

The L.T. distribution consists of 1.15 miles of 3 phase 5-wire line and 1.47 miles of single phase 3-wire line carried on steel and wood poles. About 40 wood poles in the distribution are found to have badly deteriorated and require urgent replacement.

Service Lines.

Most of the service lines require urgent replacement.

The length of service lines against the first item under licensee's portion given in the inventory is actually the total length of service lines and their allocation into licensee's portion and consumer's portion is made under item "cable".

A classified list of services is given below:-

Sl.No.	Broad classification.	No. of services Existing	Disconnected but not dismantled.
1.	Domestic lights & fans	41	4
2.	Bazaar lights	31	11
3.	Industrial, small.....	2	—
4.	Commercial	15	—
5.	Others (street lights)	1	2
		90	18

Meters.

There are 59 KWH meters in the Karkala distribution supplied by the company. All of them are single phase ones.

Meters in service connections Nos.61 & 62 were fully paid for by the consumers (the first meter 3 phase & the second a single phase one).

Furniture.

The furniture is in good condition.

Conveyance.

There is one wooden hand-cart. It requires minor repairs.

Sotres.

The quantities shown against the various items of stores listed include scrap materials also. This has been indicated in the remarks against the items concerned.

No:, U.P.No 170/7-7-51.

Sir,

Sub: Electricity- Udipi - Electrical undertaking- taken over by Government advance payment of compensation- certain details- furnished.

Ref C. E. I. G's Memo No 151 N/51-30 dated 28-6-51.

The account books, records and other documets required for the verification of the costs of assets and liabilities reffered to in your memo citied above have not been received from the accredited representative of M/s Udipi Electric Supply corporation who was addressed by you in the matter vide your letter no 151 N/51-27 dated 20-6-51.

However a few facts gathered from the annual balance sheets of the company for the previous years are submitted below for favour of consideration before fixing the compensation payable to company.

Item No 1 Total book cost of all tangible assets.

I have to state at the out set that the inventory of assets furnished by the licensee does not give the total book costs of the various tangible assets except for these mentioned below.

(1) Buildings
(2) Plant and Machinery.
(3) Tools and Instruments.
(4) Furniture and Fitting.

The book cost for the above items is nearly the same as that furnished in the 1948 to 1949 Balance sheet of the company as may be seen for the comparative statement of book costs, enclosed therewith.

PLANT AND MACHINERY.

Thecompany was started in 1938 when the construction of the entire udipi power House and major portion of the distribution was completed.

On the company's Balance sheet for 1938 the cost of plant and machinery at udipi power house is shown as Rs 82,460- 3- 4. which is the total cost of 2 has 200 H.P. diesel alternator sets and one 75 H.P. diesel alternator set and all the auxiliary plant.

The balance sheet for year ending March 1941 the Cost of Plant and machinery is shown as Rs 89,753. 1. 9 This includes the cost of plant and machinery at Karkala erected during the year.

During 1941-42 one of the two 200 H.P. diesel engine sets and the one 75- H.P. set at udipi along with their auxiliares were removed and disposed off by the company and in their place one 48 H.P Blackstone second hand diesel set was erected. No further alteration in the plant and machinery has been carried out since that date in either of the Power Houses.

Still the 1946 Balance sheet shows Rs 88,860-12- 3 against the item and 1949 Balance sheet Rs 86,833- 4- 7. From these figures it is clear that adequate credit has not been given for the disposal of one 200 H.P. set and one 75 H.P set; and the book value of Rs 86,833- 4- 7. for the plant and machinery given in the inventory does not appear correct.

P.T.O

BUILDINGS.

The cost of buildings Viz Rs 21,024- 0-9 given in the inventory appears to include the cost of steel over headtanks at udipi and Karkala and the oil storage tanks at udipi also.

MAINS.

Most of the mains in the udipi distribution were constructed in 1939 and 40 and those in Karkala in 1941. The total length of these net works is indicated below.

11 K.V.A.T line in udipi on tubular poles with G.I.Wire conductors 3 miles

L.T	3 5 wire line at udipi	6 miles
"	S 3 wire line at udipi	6 ½ miles.
"	3 5 wire line "	1.15 "
"	S 3 wire line	1.15 "
"	Cable underground	0.6 "

The Cost of the above is shown as Rs 89,814- 0- Ø 3. in 1941 balance sheet. This is very much on the high side as most of the lines were constructed in 39-40 when the prices were cheap.

TOOLS AND INSTRUMENT

The book value given in the inventory compares favourably with that shown in the 1949 balance sheet.

FURNITURE AND FITTINGS.

Rupees 821- 3- 3 given in the inventory for the furniture and fittings inventory for the furniture and fittings at udipi appears to be inorder. The figure of Rs 1972- 1- 0 given in the Balance sheet for 1949 appears to include the furniture in the company's Head office at Madras.

The cost of furniture and fittings at Karkala has not been furnished in the inventory this may approximately be taken as Rs 250-.

STORES.

The cost of stores handed over by the licensee has not been furnished in the inventory.

(2) LIABILITIES.

Consumers Security deposits and arrears of interest thereon.

The only record available to check the security deposits of consumers is the consumer ledger for the period 1948 to 1951. This gives amounts deposited by metered consumers only and not those made by flat rate consumers.

The security deposits from metered consumers were checked against the figures in the consumers ledgers and a statement is forwarded herewith giving my observations.

A Security deposits from metered consumers Udipi.

i Total of security deposits from metered consumers existing as on 1-6-1951 as per the list furnished in the inventory Rs 9035-0-0-

(a) No Deposits seem to have been taken from the following services connection Nos(i) 154 (II) 168 (III) 181 (IV) 203 (V) 207(VI) 303 VII) 316(VIII) 318 (IX) 484, this may be got confirmned by the company.

(b) S.C. No 284: The list shows Rs 15 as the security deposit. There is no entry for the same in the ledger.

(c) S.C. No 278: The list shows Rs 10/- where as the ledger entry is for Rs 15/-.

entry is Rs 10/- whereas the 1950-51 ledger entry is Rs 20/-

(e) S.C.No: 410- Entry in list is Rs 25/- and in the ledger Rs 15/-

(f) Street Lights. Security deposits of Rs 750/- from the Udipi Municiplality and Rs 5/- from C.L.I.Ltd have been shown in list but there are no entries in the ledger.

(g) Security deposits of Rs 2500 each have been cllected (as per the list) from I Madhava Prabhu II) P.D.Kamath for whom services have not yet been given. There are no records here to check these figures.

(2) Security deposits from metered consumers disconnected as on 1-6-51 as per list furnished in the inventory Rs 450-0-0.

(a) S.C Nos (1) 6 and II) 185.

There are no entries in the list nor ledgers, it is not clear whether the deposits have been collected or now they were disposed off.

(b) S.C No 153 List shows Rs 30/- no entry in the ledger.

(c) " 411: No entry in the list but Rs 25/- shown in the ledger.

The arrears of interest for the year 1950-51 on the deposits of the existing services have veen adjusted in the consumtion bills for April and May 1951. Therefore interest arrears for the period 1-4-1951 to 31-5-51 only remains to be adjusted.

The rate of interest was ~~2x~~ 3%. The position as regards the arrears of interest on deposits from disconnected services is not known.

(3) Deposits from Flate Rate (Bazzar lights) Consumers.

There is no ledger or register giving details of deposits from bazzar light consumers and hence the figures furnsihed by the licensee cannot be checked.

(I) Total of deposits from existing consumers as on 1-6-51 ~~Rxxx46xxx5x~~0 as per list in the inventory - Rs 231- 5- 0.

(II) Total of deposits from disconnected serives as on 1-6-51 Rs 146- 1- 0-

In item (II) the above arrears of current consumption charges appear to have been deducted from their security deposits and only the amounts shown as security deposits.

Further no accounts regarding security deposits, and taken, from the follwing flat rate consumers (disconnected have been furnished.)

9	62	110	149	187 to 189
12	67	112	151	191
21	69	115	154	192
38	71	121	156	196
40	72	124 to 126		198

(II) Staff Security Deposits and arrears of Interest there on.

The inventory does not make any mention of such deposits. It is understood from the staff taken over that, no security deposits have been collected from any of them.

(III) Staff Provident Fund and interest accrued..

No records are available here nor any information has been furnished by the corporation in the inventory. The staff are having benefits of the contributory provident funds as verified from their salary Bills.

(IV) Advances form consumers and prospective consumers for extension of supply.

(a) Service connection deposits to be refunded to the parties in full owing work not being executed as furnished by the company Rs 120- 0- 0

(b) Balance of service connections deposits(after deducting the consumers portion of service connection charges) refundable toparties by the company 132-15- 0

(c) Balance of temporary connection deposits (after deducting the actual total charges) refundable to parties (as furnished by the company) ... 77- 7-11

Total Rupees 330- 6-11

(d) Balance of service connection charges recoverable from the parties owing to deposits collected being short of the service connection charges Rs 248-6-4 (as furnished by the company in the inventory)

None of the above items of advances could be checked as no records are available. It is understood that most of the records from the udipi office have been transferred to the head office of th company in Madras under instructions from them about 6 months ago, the only records left behind being t ose immediately required for billing purposes.

The particulars relating to the Karkala Distribuion are being checked and reported separately on 10-7-51.

Assistant Engineer Electrical,
(Acquisition)
Government Electricity Department,
U D I P I.

The Chief Electrical Inspector
to Govt., Acquisition Officer,
157 Mount Road Madras.

Letter No: U.P. 184 dated 12-7-1951.

Sub: (1) C. E. I. G'S No: 151 M/51 -30 Dt 28-6-51.

(2) Letter No: U.P/170/ 7-7-51 from this office to C. E. I. G.

Sir,

In continuation of my letter quoted above giving details of book value of tangible assets etc., for udipi Distribution, I give below therequired details for Karkala distribution to the extent available.

Non availability of records as mentioned in the above letter have made it nearly impossible to get at correct details.

Total book Cost of all tangible assets.

In the inventory of assets furnished by the licensee book costs of various tangible assets have not been given except for plant & Machinery Viz., Rs 14,082 - 2 9 and cost of spares Rs 99-0-0. It is not possible to check the figures from the available records.

BUILDINGS:

The buildings are all leased ones and therefore no Compensationis due on these.

Plant & Machinery.

The engine set existing at present is not the original one erected in 1941-42. It is understood that some time in 1945 the previous engine was replaced by the one now existing. The present engine appears to have been purchased second hand. The engine is in a bad condition.

MAINS.

There are no H.T. Lines in the distribution. Thereare 4.15 miles of 3 phase wire lines and 1. miles of single phase 3 wires lines, the major part of whivh is on wooden poles (wooden poles 70, R.S Joists 24, and rails 16) of the 70 wooen poles about 40 nos require very urgent replacement.

L I A B I L I T I E S.

1) The list of consumers security deposits furnished by the Company was checked against entries in the consumers ledger and found correct. No security deposit appears to have been taken from service connection No:59. This may please be got confirmed by the company.

Total of security deposits from metered consumers:-

(1) Existing	Rs	855- 0- 0
(2) Disconnected	Rs	40- 0- 0
Total ...		895- 0- 0

2) Advance deposits from Flaterate Consumers:

There are no ledgers to check te amounts furnished in the inventory by the licensees. However the figures have been checked against lists compiled for the year 1950-51 by the co.,

Total advancedeposits from flat fate consumers:

I	Existing	Rs 110- 8- 0
	Disconnected	72- 0- 0
	Total Rs	182- 0- 0

INTEREST./

Arrears of interest on security deposits upto 31-3-1951 from existing metered Consumers have been adjusted in their bills (or paid in chas). Only the interest for the period 1-4-1951 to 31-3-1951 to be paid to the consumers by the company.

Regarding the arrears of interests due to disconnected services there is no record from which the figures can be obtained

2) ADVANCES FROM STAFF:

It is understood that no security or other advances from the staff have been taken.

3) STAFF PROVIDENT FUND:

No records are available here.

4) ADVANCES FROM CONSUMERS;

The inventory as furnished by the licensee has not mentioned advances from consumers towards service connections etc.,

v) One Siemens-schukert make Automatic regulator.

Not in use

cover of the recording volt meter found cracked

Feeder Panel. Town section "B"
i) One no.Landys & Gyr Ltd 3 phase 3 wire Kilowatt Hour meter for unbalanced loads.
Rype - F.F.3, No.12203720, Revols per K.W. hour. 54; V.3 x 400; 50 cycles; A 3 x 50.
ii) One No.G.E.C. Triple Pole Iron-clad switch with fuses, 100 amps 600 volts, No.K 4533 for main switch.
iii) One No. MEM Memajor Double Pole Iron clad switch with fuses 30amps, 250 V, 130 K; for street light switch
iv) One No.G.E.C. Triple pole switch, Iron clad, 30 amps, 500 volts No.X 4718.
v) One No.MEM Memrese Triple pole Iron clad switch with fuses 30 amp, 500 volts.

Feeder Panel. Manipal H.T.
i) One No.Siemens-schukert Make Ammeter reading 0-150 amps with change over switch for reading amps in three phases.
ii) One Siemens-schukert make Kilowatt hour meter for Polyphases system for unbalanced load.
Type-D.12, No.21,076,984, cycles-50, 3x243/420 volts 100/5 amps, 1 K.W. H is 30 revls of disc.

R.V.Kambhoje
Co. 11/x

iii) 3 Nos. of Siemens-schukert Made Current Transformers, the name of plat details are given below:-
1. AUP - 10 No.518283., 1/15 K.V. A.100/5
P.O.W. Ohms - 0.6, 50 cycles KI-I.
2. AUP - 10 No.518282., 1/15 KV. A.100/5
P.O.W. Ohms - 0.6, 50 cycles KI-I
3. AUP - 10 No.518284, 1/15 K.V. A.100/5
P.O.W. Ohms - 0.6 50 cycles KI-I

Feeder Panel - Coast Road.

i) One No. Siemens-schukert make Ammeter reading 0.300 Amps, with change over switch for reading amps on each three phases
ii) One No. Siemens-schukert make kilowatt hour meter
Type---D 12 No.21, 076,983, 50 cycles, 200/5 Amp.
~~xxx Three~~ 3 x 243/420 V, I KWH-15 revls of disc
iii) Three nos. of Siemens-schukert make current transformers, the name of the plate details are given below:-
1. AUP - 15 No. 518279., 1/15 KV A.200/5
POW Ohms 0.6., 50 cycles KI-I
2 AUP - 15 No. 518278., 1/15 KV A.200/5
POW Ohms 0.6., 50 cycles KI-I
3 AUP - 15 No. 518270., 1/15 KV, A.200/5
POW Ohms 0.6., 50 cycles KI-I

Bell current transformer. Siemens-schukert make.
AUP - 15 No. 518278., I/15 KV. A.400/5
POW Ohms 0.6., 50 cycles KI-I

Synchronising Panel.

i) One no. Siemens-schukert make double Voltometer reading 0-400 Vols.
ii) One no. Siemens-schukert make Synchronoscope.
iii) One no. Siemens-schukert make double frequency meter reading 44-55 cycles.
iv) Potential Transformers.
Two nos. of Siemens-schukert make the name plate details given below:
1. VUT - 3 - 393094, 3 K.V., V-400/110/100, 50 cycles, VA 30/200 KI-I.
2. VUT - 3 - 393095, 3 K.V., V-400/110/100, 50 cycles, VA 30/200 KI-I.

3 nos Ganz ammeter 0-60 A working

Power House Feeder.

3 Nos. of Ganz Ammeters reading 0.60 Amps.
1 No. Siemens-schukert K.W. hour meter for Polyphse system & for unbalanced load. The name of plate details given below:-
Type. D 16, No.21077261, 50 cycles, 50 amps, 3 x 243/420 volts,
1 K.W.H. is 48 revls of disc.
(Silent known) 3 Nos of Siemens-schukert bakelite Triple Pole switches.

4 No panels 7'-3" x 2'-8" with M.S plates 1/16" thick 11'-0" & 7'-3" sides.
wooden panels 1 No 7'-3" x 2'-8"

Date of putting switch-board into commission:- 30th Sept.1938.
Diamension of switch Board:- L.13'7", B.5'6" Ht.7'3" of 1/16" steel plate with angle iron 2" x 1/4" size.

one no triple pole switch for exhaust fan available.

Power House Equipment.

1. One Exhaust fan Siemens-Schukert Germany.
Type:- DMR 355-8 No.4204743 E., 440 Volts 0.68 A.
0.2 K.W. cos 0.6
50 cycles 680 revls per minute, 30" sweep
2. Stream line filter. (Supplied by Greaves Cotton Co., Ltd., Bombay)
Serial No.12657. Type:- O I L

Capacity:- 4 gallons.

K V Ramchandra
E.S. III/x

V-Testing equipment for use with Power house plant.

Already included under item II Auxiliary plant of V.M. engine vide p. 2 under C

1) Pyrometer for reading Exhaust temperatur of V4M engine cylinders
   marks 0-11 x 100°F
   o- 6 x 100°F
   each engine
2) One Automiser pressure tester for 0-500 KG/cm2

VI- Cables-Inter-connection.

1- Cable location: From V.M. engine Generator to Switch Board (40.ft.)
2. Cable size - For taking 300 amps. load 4 cores 500 volts grade
3. Date of Installation - September,1938
4. Present condition - Good.
5. Cost

1. Cable location - From Blackstone Engine generator to switch board 52 feet.
2. Cable size - For carrying 40 K.W. load. 4 cores 500 volts grade
3. Date of installation - September,1938
4. Present condition - Good.

Total cost of Plant and auxiliaries ..	Rs.72,751-1 -10
Cost of spares	*5,963- 8- 6

FOR THE UDIPI ELECTRIC SUPPLY CORPORATION LTD.

C. Generating Plant — Karkala.

I. Generating Set.

a) Engine. Crossley Patent. Crossley Bros. Ltd. Openshaw, Menchester.
Type. H.D.8 No.122445, B.H.P. 26/23½ R.P.M.340

b) Generator:- Belt Driving, Name plate details.
The General Electric Co.Ltd.
Machine No.C.5456, 50 cycles, 3 phase, 400 volts,
36 Amp. 20 K.W, (306) amp, 1500 RPM, Brushes .22 x T 2 E.G
Made in England by G.E.C.Ltd., Witton.

c) Excitor: Name plate Details.
D.C.Electric Construction Co.Ltd., Wolves Hampton.
D.C. Motor No.5524 6. - 1923
4 B.H.P., 450 Volts, 8.45 amp. 780 R.P.M.

Date of putting into commission:- 1945

Book Value

i) Cost of equipment ...
ii) Erection charges ...
iii) Supervision charges .
iV) Other charges like interest during construction etc.

Present condition of Plant, Capacity .. 15 K.W.

Performance:- i) No. of hours run so far --- about 14140 hours
ii) Fuel oil consumption p. unit for last year ..... 1.09 lbs.
iii) Lub.oil consumption p. unit for last year .... 0.131 lbs (0.015 gls) p.unit last year.

Major repairs effected: Liner and Piston changed on 6-2-1950
Log and other sheets available :- Logsheet from March, 1950 to August 1950 is enclosed herewith
Instruction and other maker's technical literature available: Nil
Special Tools available: Nil

Not handed over. BS

Cost of plant: 14,082- 2-. 9

Special spares in stock: List enclosed

Attach plant and lay out plan: enclosed

Cost of spares: 99 . . 0

II Auxilary Mechanical Plant.
One overhead steel Tank of 500 gals capacity

Badly leaking BS

III Auxilary electrical plant:-
One pump set for pumping water from cooling ponds.
Pump Motor:- Small power Dynamo & Motor Co.Ltd, Openshaw, Manchester No.22765, 1.5 H.P. R.P.M.2830 Volts 440, 50 Cycles, P.H.3 Type 5 D.
Pump: No.1750 John Cherry & Sons Pump Manufacturers Bavery, England.

C-Generating Sets.

I. Generating sets.

a) Engine - DEUTZ 4 strokes - 4 cylinder - vertical Diesel engine.

Name plate details:

Make - Deutz motoren A G engine Diesel Oil
Type: V 4 M 436 No.480520-23
B.H.P.200 Speed 500 R.P.M.
Year 1938
Made in Germany

b) Generator Directly coupled to engine

Name plate details:

Make - Siemens-Schukert
3 phase generator No.4532858
Type - KF 303/19-12 B 2 d
420 Volts - 199 Amps.
K.V.A. 144 Power factor 0.8
R.P.M. 500 Cycles 50
H.O.V. 21A

c) Exciter Name Plate details.

Make - Siemens-Schukert
GVE 14 No.4520235/N

95)	21)	2.0)	
110) Volts	24.3) Amps	2.69)	K.W.

Self excitation 95/110

Date of putting into commission - October 1941.

BOOK VALUE

Present condition of Plant capacity 110 K.W.

Performance i) No.of hours run so far - About 38260 hours
ii) Fuel oil consumption p.unit for last year 0.735 lbs
iii) Lub.Oil consumption p.unit last year 0.0489 lbs.(0.0054 gls)

Major repairs effected with dates:-
One Liner only changed on 7-6-1947 of the 4th cylinder of V.M.set.

Log and other sheets available YES.

Special Tools available - Tools list enclosed separately.

Special spares in stock - Spares for engine - list enclosed separately.

Attach plant and lay-out plans - Lay-out plan is herewith attached.

COST OF SPARES:

Engine II - BLACKSTONE - single cylinder - horizontal - 4 stroke diesel engine.
Make - BLACKSTONE - No.177193 - Type G.L.S.I. H.P.48 R.P.M.300

C-Generating Plant (contd.)

Generator for Blackstone Engine - Belt driving

Make - Ganz No.161702 (1933) - Type G.B.19/6 - K.V.A.40
R.P.M.1000 - Volt 400/231 - A-mps.58 - Cycles 50

Exciter

Make Ganz No.161708 - Type EB.6 - RPM-1000 - Volts 6.2 - Amps.18

(2) Date of putting into commission - March 1942

(3) Book Value

(4) Present condition of plant capacity - 20 K.W.

Performance - No.of hours run so far at Udipi P.H. 21900 hours

Fuel Oil consumption p.unit for last year 0.915 lb
Lub.Oil do do 0.047 lbs.
(0.0053 gals)

(5) Major repairs effected with dates: One Piston and one Liner were changed on 2-9-1947.

(6) Log and other data sheets available - YES.

(7) Instructional & other maker's technical literatures available NIL

(8) Special tools available with plant - Separate list enclosed.

(9) Special spares in stock - Separate stock list enclosed.

(10)Cost of spares

(11)Attach Plant & Lay-out plan - Layout plan attached herewith.

II.Auxiliary mechanical plant: V4M engine

(i) Name plate details: One Deutz Pressure Gauge for V.M.engine
Pressure 0-900 lbs.
0-60 Atm

(ii) One air bottle for starting the Deutz V4M engine and for charging from the engine.

(iii) Pyrometers for reading exhaust temperatures of Deutz V4M engine Marked: 0- 11 x 100°F
0 - 6 x 100°C

(iv) One semi rotary hand pump for pumping fuel oil from the storage tank to overhead service tank.

(v) One steel service tank with capacity of 70 gallons

(vi)One fuel Oil filter

(vii)One Crane - 3 tons - Morris & Herbert Ltd.,Leughborough, England.

For Blackstone Engine.

(i) One pressure gauge marked 0 - 250 lbs. D

(ii) One Air bottle for starting Blackstone engine

(iii) One steel service tank of 24 gallons capacity.

III-Auxiliary electrical plant: 2 Pump sets for pumping water for cooling ponds to overhead tanks.

Name plate details: Make - Siemens Schukert - D M R4532-P
No.4426988/E - 400Volts - 4.5 amps. 3.2 K.W.
power-factor 0.87 - 2830 revels per minute
50 cycles.

Starter for pump-set No.I - Triple-pole
Make: Siemens Schukert - s:12 III an r,
400 Volts, 6 A - 50 cycles with overload &
no volt release

C. Generating Plant.

Name of plate details of Pump set No.II

Make:- Siemens-Schukert Germany,DMR 45 S 2 P.No.4226937/E,
400 Volts, 4.5 A,
3.2 K.W cos 0.87, 2830 revols per minute, 50 cycles.

Starter for pumpset No.II. Triple Pole.

Make:- Siemens-schukert, 400 Volts, 6 A, 50 cycles with overload and no volt release.

IV. Switch Board. Generator panel of V4W set.

i) Siemens-schuket Make, Made in Germany
One Excitor Ammeter - 0 - 50 amps
ii) One Siemens-schukert make Ammeter reading 0-300 amps with change over switch for reading amps on three phases.
iii) One Siemens-schukert K.W Meter reading 0-150
iv) Siemens-schukert 3 nos of current transformers the name of plate details are given below:-

1) AUP - 10 No.896209, 1/10 K.V A.300/5
POW - Ohms 0.6, 50 cycles KI - 1
2) AUP - 10 No.896206, 1/10 K.V A.300/5
POW - Ohms 0.6, 50 cycle- cycles KI- 1
3) AUP - 10 No.896205, 1/10 K.V A.300/5
POW - Ohms 0.6, 50 cycles KI- 1

v) Hand regulator:- Make:- Siemens-schukert
No.K 374/10 - 2260398 N., 0.12/2.4 Amps,Volts-110
vi) Siemens-schukert Make Triple Pole switch,500 V, 250 Amp,No.UDE
vii) Air Break Circuit Breaker, Triple Pole, Siemens-schukert Make. E.910. III/200, No.285825,Amps.300,Volts.420,Cycles.50

Generator Panel of Blackstone engine generator.

i) Siemens-schukert make 3 nos of Ammeters each reading 0-70 Amps
ii) M.C.W.make Excitor Volt Meter One number, reading 0-100 Volts
iii) M.C.W. Ganz hand regulator One No.120 volts, 0.6 amp,type.101760 310 Ohms.
iv) One triple pole switch. Ganz

Summation Panel.

i) One Siemens-schukert make Ammeter reading0-30 Amps with change over switch
ii) One Siemens-schukert Voltmeter reading 0-500 Volts
iii) One siemens-schukert make Power Factor meter reading 0-1
iv) One siemens-schukert make recording Voltmeter reading 0-250Volts
v) One Siemens-schukert make Automatic regulator

Feeder Panel. Town section "B"

i) One no. Landys & Gyr Ltd 3 phase 3 wire Kilowatt Hour meter for unbalanced loads.
Type - F F 3, No.12203720,Revols per K.W.hour.54; V.3X400; 50 cycles; A 3X50.
ii) One No. G.E.C.Triple Pole Iron-clad switch with fuses,100 amps, 500 volts, No.K 4533 for main switch.
iii) One No.MEM Memajor Double Pole Iron clad switch with fuses 30 amps,250 V, 130 K; for street light switch
iv) One No.G.E.C.Triple pole switch, Iron clad, 30 amps,500 Volts, No.X 4718
v) One No. MEM Memrose Triple pole Iron clad switch with fuses 30 amp, 600 Volts.

Feeder Panel. Manipal H.T.

i) One no.Siemens-schukert Make Ammeter reading 0-150 amps with change over switch for reading amps in three phases
ii) One Siemens-schukert make Kilowatt hour

C. Generating Plant.

iii) 3 Nos. of Siemens-schukert Make Current Transformers, the name of Plate details are given below:-

1. AUP - 10 No.518283., 1/15 K.V A.100/5
   P.O.W Ohms - 0.6., 50 cycles KI-I
2. AUP - 10 No.518282., 1/15 K.V A.100/5
   P,O.W Ohms - 0.6., 50 cycles KI-I
3. AUP - 10 No.518284., 1/15 K.V A.100/5
   P.O.W Ohms - 0.6 50 cycles KI-I

Feeder Panel - Const Road.

i) One No.Siemens-schukert make Ammeter reading 0-300 Amps, with change over switch for reading amps on each three phases
ii) One No.Siemens-schukert make kilowatt hour meter
Type--- D 12 No.21,076,983, 50 cycles,200/5 Amp.
3 x 243/420 V, 1 KWH-15 revls of disc
iii) Three nos.of Siemens-schukert make current transformers, the name of the plate details are given below:-

1. AUP - 15 No.518279., 1/15 KV A.200/5
   POW Ohms 0.6 ., 50 cycles KI-I
2. AUP - 15 No.518278., 1/15 KV A.200/5
   POW Ohms 0.6 ., 50 cycles KI-I
3. AUP - 15 No.518270., 1/15 KV, A.200/5
   POW Ohms 0.6 ., 50 cycles KI-I

Bell current transformer. Siemens-schukert make

AUP - 15 No.518278., 1/15 KV A.400/5
POW Ohms 0.6 ., 50 cycles KI-I

Synchronising Panel.

i) One no. Siemens-schukert make double Voltometer reading 0-400 Volts
ii) One No. Siemens-schukert make Synchronoscope
iii) One no. Siemens-schukert make double frequency meter reading 44-56 cycles.

iv) Potential Transformers.
Tow nos of Siemens-schukert make the name plate details given below.
1. VUT - 3 - 393094, 3 K V, V-400/110/100,50 cycles,VA 30/200 KI-I
2. VUT - 3 - 393095, 3 K V, V-400/110/100,50 cycles,VA 30/200 KI-I

Power House Feeder.
3 Nos of Ganz Ammeters reading 0-60 Amps
1 No.Siemens-schukert K.W,hour meter for polyphase system & for unbalanced load. The name of plate details given below:-
Type. D 16, No.21077261, 50 cycles,50 amps,3x243/420 volts,
1 K.W.H. is 48 revls of disc.
3 nos of Siemens-schukert bakelite Triple Pole switches.

Date of putting switch-board into commission :- 30th Sept.1938
Dimension of Switch Board:- L.13'7", B.5'6" Ht.7'3" of 1/16" steel plate with angle iron 2" x 1/4" size

Power House Equipment.

1. One Exhaust fan Siemens-schukert Germany
   Type:- DMR 355-8 No.4204743 E., 440 Volts 0.68 A
   0.2 K.W cos 0.6
   50 cycles 680 revls per minute, 30" sweep.
2. Stream line filter. (Supplied by Greaves Cotton Co, Ltd., Bombay.
   Serial No.12657. Type:- O I L.
   Capacity:- 4 gallons.

For THE UDIPI ELECTRIC SUPPLY CORPORATION, LTD.,

V-Testing equipment for use with Power-house plant

1) Pyrometer for reading Exhaust temperature of V4M engine cylinders marked 0-11 x 100°F
0- 6 x 100°F

2) One Automiser pressure tester for 0-500 KG/cm^2

VI-Cables-Inter-connection.

1. Cable location : From V.M.engine Generator to Switch Board(40 ft.
2. Cable size - For taking 300 amps.load
3. Date of Installation - September 1938.
4. Present condition - Good
5. Cost

1. Cable location - From Blackstone engine generator to switch board 52 feet.
2. Cable size - For carrying 40 k.w.load.
3. Date of installation - September 1938.
4. Present condition - Good.
